

## *"My Eyes"*

~ ~ ~ ~ ~

*There was a blind girl who hated herself just because she was blind.*

*She hated everyone, except her loving boyfriend.*

*He was always there for her.*

*She said that if she could only see the world, she would marry her boyfriend...*

*One day, someone donated a pair of eyes to her and then she could see everything, including her boyfriend.*

*Her boyfriend asked her, "Now that you can see the world, will you marry me?"*

*The girl was shocked when she saw that her boyfriend was blind too, and refused to marry him.*

*Her boyfriend walked away in tears, and later wrote a letter to her saying, "Just take care of my eyes dear." (He had donated his eyes to her.)*

*This is how the human brain changes when our status changes.  
Only few remember what life was before, and who's always been  
there even in the most painful situations.*

## *"Life Is A Gift"*

*Today before you say an unkind word,  
think of someone who can't speak.*

*Before you complain about the taste of your food,  
think of someone who has nothing to eat.*

*Before you complain about your husband or wife,  
think of someone who's crying out for a companion.*

*Today before you complain about life,  
think of someone who went too early to heaven.*

*Before you complain about your children,  
think of someone who desires children but they're barren.*

*Before you complain about cleaning your house,  
think of the people who are living in the streets.*

*Before whining about the distance you drive,  
Think of someone who walks the same distance with their feet.*

*And when you are tired and complain about your job,  
Think of the unemployed, and those who wish they had  
your job.*

*And before you think of pointing the finger or condemning  
another,  
Remember that not one of us are without sin and we all answer  
to one maker.*

*And when depressing thoughts seem to get you down,  
put a smile on your face and thank **God** you're alive and well.*

**Life is a gift, live it, enjoy it, celebrate it, And fulfill it.**
