"My Eyes"

~ ~ ~ ~ ~

There was a blind girl who hated herself just because she was blind.
She hated everyone, except her loving boyfriend.
He was always there for her.
She said that if she could only see the world, she would marry her boyfriend...
One day, someone donated a pair of eyes to her and then she could see
everything, including her boyfriend.
Her boyfriend asked her, "Now that you can see the world, will you marry
me?"
The girl was shocked when she saw that her boyfriend was blind too, and
refused to marry him.
Her boyfriend walked away in tears, and later wrote a letter to her saying,
"Just take care of my eyes dear." (He had donated his eyes to her.)

This is how the human brain changes when our status changes.
Only few remember what life was before, and who's always been
there even in the most painful situations.

"Life Is A Gift"

Today before you say an unkind word,
think of someone who can't speak.

Before you complain about the taste of your food,
think of someone who has nothing to eat.

Before you complain about your husband or wife,
think of someone who's crying out for a companion.

Today before you complain about life,
think of someone who went too early to heaven.

Before you complain about your children,
think of someone who desires children but they're barren.

Before you complain about cleaning your house,
think of the people who are living in the streets.

Before whining about the distance you drive,
Think of someone who walks the same distance with their feet.

And when you are tired and complain about your job,
Think of the unemployed, and those who wish they had
your job.

And before you think of pointing the finger or condemning
another,
Remember that not one of us are without sin and we all answer
to one maker.

And when depressing thoughts seem to get you down,
*put a smile on your face and thank **God** you're alive and well.*

<u>Life is a gift, live it, enjoy it, celebrate it, And fulfill it.</u>
